

Special Executive Report

DATE: June 4, 2014

SER#: 7093R

SUBJECT: Amendments to Ninety-One (91) NYMEX Electricity Futures

Effective Sunday, June 22, 2014, for trade date Monday, June 23, 2014, and pending all relevant CFTC regulatory review periods, the New York Mercantile Exchange, Inc. (NYMEX or Exchange) will amend the termination of trading rules for ninety-one (91) electricity futures contracts for trades that are executed electronically on the CME Globex trading platform. The termination of trading schedule for open outcry trading on the NYMEX trading floor and for submission for clearing through CME ClearPort will remain unchanged. These amendments are being made to better distinguish the power contracts that are available for electronic trading. The affected contracts, along with the associated clearing codes, CME Globex codes, and rulebook chapter numbers, are provided below. Also below are the amendments to the product rule chapters in blackline format.

In general, day-ahead daily contracts will cease trading on CME Globex at 4:15 p.m. Chicago Time/CT on the business day prior to the contract day. Day-ahead monthly contracts will terminate on CME Globex at 4:15 p.m. CT on the last business day of the month preceding the contract month.

Real-time daily contracts will terminate on CME Globex at 11:59 p.m. local time of the associated independent system operator/regional transmission organization on the contract day. If that time is not within CME Globex regular trading hours, real-time daily contracts will cease trading on CME Globex at 4:15 p.m. CT on the nearest business day on or before the contract day. For example and assuming no holidays, Sunday through Thursday real-time daily contracts will terminate at 11:59 p.m. local time on the calendar day that is the contract day, which is technically the next business day (trade date) on CME Globex. Friday and Saturday real-time daily contracts will cease trading at 4:15 p.m. CT on Friday.

Real-time monthly contracts will cease trading on CME Globex at 11:59 p.m. local time on the last calendar day of the month preceding the contract month. If that time is not within CME Globex regular trading hours, real-time monthly contracts will cease trading on CME Globex at 4:15 p.m. CT on the nearest business day on or before the last calendar day of the month preceding the contract month. For example and assuming no holidays, if the last calendar day of the month preceding the contract month falls on a Sunday through Thursday, a real-time monthly contract will cease trading at 11:59 p.m. local time on that day. If the last day of the month prior to the contract month falls on a Friday or Saturday, the real-time monthly contract will terminate on CME Globex at 4:15 p.m. CT on Friday.

The subject contracts are listed for trading on CME Globex and the NYMEX trading floor, as well as for submission for clearing through CME ClearPort. The trading hours for open outcry are Monday – Friday 9:00 a.m. – 2:30 p.m. New York Time/NYT (8:00 a.m. – 1:30 p.m. CT). The hours for CME Globex and CME ClearPort are Sunday – Friday 6:00 p.m. – 5:15 p.m. NYT (5:00 p.m. – 4:15 p.m. CT) with a 45-minute break each day beginning at 5:15 p.m. NYT (4:15 p.m. CT).
